IRRIGATION & CAD (PW-REFORMS) DEPARTMENT

G.O.Ms. No. 117

Dated:26- 10 -2010

Read the following:-

1. From Engineer-in-Chief (Irrigation). Hyderabad, Lr.No. ENC (I) / EE.IV / OTM5 / S2 / 91 / 2010 , dt. 19.8.2010.
2. Govt. Memo. No. 22283/Reforms-A2/2010-, Dt. 18-09-2010.
3. From Engineer-in-Chief (Irrigation). Hyderabad, Lr.No. ENC(I)/DEE.IV/ TM5/S1/91/2010 , dt. 04.10.2010.

ORDER:

In the letter 1st & 3rd read above, the Engineer-in-Chief (Irrigation), Hyderabad, has stated that the Commissioner of Industries in his letter No. 1213/09/0812, dt. 16-7-2010 forwarded a common application with SLSWCC filed by M/s KCP Cement Limited to draw a quantum of 7000 KL/day or 0.0902 TMC of water per year from the river Krishna at Muktyala (V), Jaggaiahpet (M), Krishna (Dist). The Superintending Engineer ,Irrigation Circle ,Vijayawaada in his letter No. DB/JTO7/245 ENC(I) dt. 10-08-2010 has reported that under KWDT award, a quantum of 181.20 TMC of water was allocated for utilization of KDS. for serving an ayacut of 13.08 Lakhs acres covering Krishna, Guntur , Prakasam and part of West Godavari District . Further the Superintending Engineer has reported that as per KWDT award, there is no savings from the allocated water. However at Prakasam Barrage surplus water during monsoon is estimated to the tune of 621.04 TMC per annum . The Superintending Engineer has further reported that the firm M/s. KCP Limited has requested for drawal of 7000 KL/day or 2.861 Cusecs or 0.0902 TMC per annum from surplus water and have furnished under taking that water will be pumped only during monsoon period and the construct reservoir adequate capacity for storage of pumped water for consumption during the lean period. The S.E has further stated that since the requirement of water by the firm is meagre, when compared to surplus releases at Prakasam Barrage the same may be considered from surplus water .The proposals are furnished duly filed with prescribed Proforma and Copies statement showing the details of surplus water for every month from Parkasam Barrage together with the location map. The Engineer-in-Chief (irrigation) has also stated that the firm can draw water only during the flood time by fixing location of pump where water will be available during flood only and requested the Govt. to grant permission for drawal of 7000 KL/day or 0.0902 TMC per annum surplus water from Krishna river by M/s KCP Limited - KCP Cement Unit-II under consumptive use subject to the concurrence of District Collector Krishna and clearance of Pollution Control Board with usual terms and conditions.

2. Government after careful examination of the proposal hereby accord permission to the Engineer-in-Chief (Irrigation) to supply 7000 KL of water per day (0.09 of TMC Per Annum) from Krishna River surplus water with the condition that the firm can draw water only during flood time by fixing location of pump where water will be available during flood only to M/s KCP Limited, Muktyala(V), Jaggaiahpet (M), Krishna District, for a period of 5 years under consumptive use for industrial purpose subject to the following conditions:-

1. The concurrence of the District Collector, Krishna for the proposals has to be obtained before drawing the water and taking up the work.
2. The water can be spared subject to the availability of water in the Krishna River.
3. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only.
4. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the

department authorities and the representatives of the user shall be present at all time for inspection.

5. The industry should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate/royalty the permission to draw water shall stand cancelled.
6. The industry shall obtain the prior concurrence from concerned Departments for laying pipeline and for crossing etc.,
7. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease of Government should be paid as fixed by Government only.
8. The industry should make their own arrangements to dispose the treated effluents as per norms of A.P.Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board are to be obtained in this regard by the firm before drawal of water from the source.
9. The Irrigation Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Irrigation Department is no way responsible for non-supply of water due to any reasons.
11. The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount as fixed is to be paid by the Industry.
12. The industry must strengthen the river margin 100 m., from the toe of the River Flood Bank.
13. The industry has to lay CC(1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the Department.
14. The industry has to construct CC walls to avoid leakage at pipeline crossings.
15. The surplus water drawn from the Krishna River only during the flood time should be utilized for the purpose for which permission is granted. Any misuse on this account shall entail cancellation for the permission without any notice and liable for imposition of penalty.
16. The industry should follow the Revenue Board Standing orders.
17. The industry shall pay security deposit at 2.5% on five years water charges for which permission is granted.
18. The permission accorded shall be for a period of 5 years. The permission shall have to be renewed well in advance before the expiry of permission.
19. The industry shall pay one year water charges as advance and any amount due to the department before entering into agreement.
20. The Industry should pay water charges as per G.O.Ms.No. 39, I & CAD Dept. dt. 2-4-2002 at the rate of Rs.4.50 per 1000 gallons as the water is used for consumptive use or at the revised rates fixed by Government from time to time.
21. The Industry should make its own arrangements for summer storage in their premises only.
22. The Industry has to concluded agreement with the officers concerned of Irrigation Department.
23. The Industry shall abide by any other conditions laid down by the Government/Department from time to time.
24. The Industry has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO
25. The consumptive utilization of 7000 KL per day (0.09 TMC per year) as required should not exceed under any circumstances.
26. The Department is no way responsible for any damages that may occur to the off take point due to floods in Krishna River or on account of any other reasons.
27. The permission does not confer any riparian right to the industry.
28. Non-adherence to any of the above conditions by the industry will entail cancellation of the permission.

3. The Engineer-in-Chief (Irrigation), Hyderabad, shall take necessary further action accordingly in the matter.
